SITUATION IN FRANCE AGAIN IN FORM OF SIEGE

French and Belgian Reports Claim Slight Advances by Allies; England and German Authorities Are Silent.

FORMAL DECLARATION OF WAR ON TURKEY

Great Britain Announces Opening of Hostilities and Formally Annexes Island of Cyprus; No News from Poland.

Santiago, Chile, Nov. 5.—No further news has been received concerning the naval engagement or the coast of Chile last Sunday in which German and British warships participated. No British warships have arrived as far as is known here at any Chilean port, nor has any wreckage been found on the coast.

The only information in the hands of the British legation is that from German sources.

Havana, Nov. 5 (UPI)—The Cuban government issued the following statement:

The Cubans advanced detachments which progressed as far as Lorraine towards the Yer, between San Jose Capo and Tercero, under only advance with great difficulty owing to poor roads and the inundated country. They also were harassed constantly by the infantry and machine gun fire of the enemy.

The enemy still occupies Saint George Capo and the farms located on the left bank of the Yer in the neighborhood of Schoenwald. Pernau and Sayocokonkere were recaptured by marines.

To the south of Drennan the Germans made an attack but failed in the direction of the Biscay bridge. They failed in the attempt and were forced to evacuate completely the village of Biscayana to the south of Zandona.

The enemy continues to attack with the greatest violence along the front of the allies between Hollenbeck and Messines. All positions have been held at certain points the allies have progressed, notably towards Hollenbeck and Witschaeke.

In the region of Armentieres and to the south of the Yer the situation remains the same as heretofore.

OFFICIAL DECLARATION OF WAR WITH TURKEY

London, Nov. 5 (UPI)—It was officially announced in London today that a state of war exists between Great Britain and Turkey.

The proclamation to this effect, which was subsequently gazetted, reads as follows:

Owing to hostile acts committed by Turkish forces under German officers, a state of war exists between Great Britain and Turkey from today and all proclamations and orders in council issued with reference to the state of war between Great Britain and Germany and Austria shall apply to the state of war between Great Britain and Turkey.

PONCARE REPORTS REPULSE OF ALL GERMAN ATTACKS

Paris, Nov. 5 (UPI)—President Poincare has sent a letter to War Minister Millerand in which he declares that after a long series of violent engagements the allies have repulsed the desperate attacks of the enemy.

neutral powers, especially Scandinavia.

The Politiken, the organ of the Danish government, says this action on the part of Great Britain is a heavy blow to British shipping.

GERMANY DENIES LOSS OF MEN OR GUNS TO RUSSIA

Berlin, Nov. 5 (UPI)—By wireless—it is declared officially in Berlin today that the Russian troops on the eastern front have not recently been successful in taking prisoners, nor have the German wounded fallen into their hands. Furthermore, the authorities have no knowledge of the loss of any German machine guns to the Russians.

GERMAN OFFICERS OF GERH MUST STAY WITH US

Washington, Nov. 5—Two German officers and two men of the crew of the German cruiser *Görlitz*, now at Honolulu, who have been held for some time at San Francisco, will be paroled, but must remain in the United States until the end of the war. The German embassy was so informed today by the state department.

ENGLAND'S LOSS IN PACIFIC BALANCED BY FRENCH GAIN

London, Nov. 5 (UPI)—Although England's combined today in war with some unknown official news as to the fate of certain of her warships in the Pacific, which were engaged last Sunday with a German fleet off the coast of Chile, the anxiety has been in a measure quieted by the apparently favorable situation of the allied arms both in the eastern and western areas.

The first German raid for the French coast having been checked, the news of the next few days will determine the truth or falsity of predictions as to the seriousness of the renewed German attempt to add to the coast of a more southern route. There was nothing in the reports from West Flanders during the previous day to indicate the trend of the new German attack, although France continued to wage the military war against which the Germans proposed to deliver their hardest blows.

Opinion here is divided as to whether this fresh attempt to open a way to the channel will end in victory or defeat. The French plan the *Trois Sœurs* division to seize the military advantage which the Germans proposed to deliver their hardest blows.

The new date for the seizure of heavily reinforced German forces in Belgium has been set by a counter offensive of the also augmented armies of the allies in the vicinity of Ypres.

"The Franco-British lines have an iron point drawn back," says the afternoon French official statement. "Our troops, undertaking the offensive, have made notable progress in several directions."

It is declared that the allies have made slight progress to the east of Stenay and that the German attack from Bapaume to Arras are being made with less energy. Renewed German activity is reported on the center without notable change, and on the right of the allies the situation remains deadlocked.

A dispute from Teheran reports that the Persians are much excited over the clash between Turkey and Russia. The pretender, Sardar Dowleh, has proclaimed himself as Germany's candidate for the throne.

Great Britain has formally annexed the island of Cyprus in the Mediterranean, which has remained long under the suzerainty of the Turkish Sultan, though with a British administration.

The enemy continues to attack with the greatest violence along the front of the allies between Hollenbeck and Messines. All positions have been held at certain points the allies have progressed, notably towards Hollenbeck and Witschaeke.

In the region of Armentieres and to the south of the Yer the situation remains the same as heretofore.

FRENCH REPORT SHOWS SLIGHT CHANGES ONLY

Paris, Nov. 5 (UPI)—The French official announcement given out in Paris this afternoon says that the allies have made slight progress to the east of Stenay on the right bank of the Yer.

The rest of the communiques follow:

"On our left wing the allied forces have made slight progress to the east of the Yer between Hollenbeck and Messines. All positions have been held at certain points the allies have progressed, notably towards Hollenbeck and Witschaeke.

"In the region of Armentieres and to the south of the Yer the situation remains the same as heretofore."

Today's War Summary

No British warships are in Chilean ports. The fate of the three British cruisers that engaged five German warships off the coast of Chile and the transport that accompanied them remains a mystery.

On this mystery is based the British hope that one or more of their vessels survived the action. A dispatch from Santiago today dispenses of an earlier report that the British cruiser *Glasgow* and the transport *Orion* has been captured up in Chilean waters by the German cruisers Leipzig and Bremen. The whereabouts of the two latter cruisers also is in doubt. Of the nine vessels that figured in the naval battle, only the German warships Scharnhorst, Gneisenau and Nuremberg have been definitely accounted for.
